

YEP

Field Trip

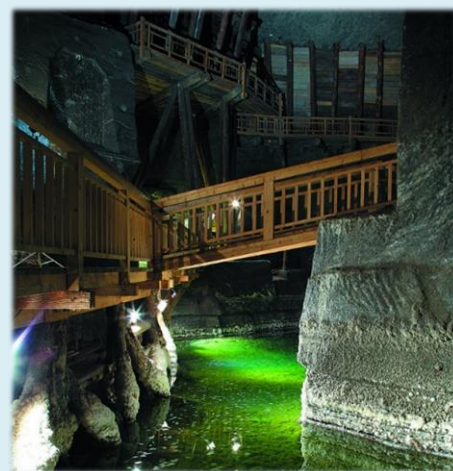

POLAND 2018

from

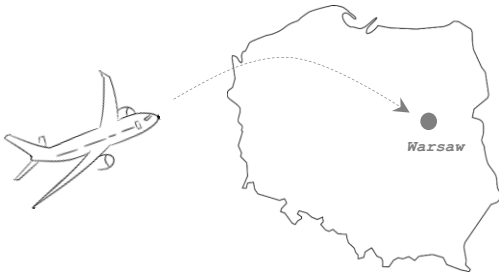

to

EUREL

Convention of National Associations of Electrical Engineers of Europe

18.08.2018 (Saturday)

DAY 0

Depending on a date of arrival of each participants we will adjust the program individually.

19.08.2018 (Sunday)

DAY 1

- *Welcoming guests*
- *Lecture about artificial intelligence*
- *Old Town tour*
- *Łazienki Królewskie Museum* is a Palace-Garden complex which includes a park (76 hectares of nature, right in the city center) and numerous historical objects. The park was created using the formerly wildly growing forest, allowing the animals to be 'detained' under natural conditions. In the 18th century it became the most beautiful planned area in Warsaw and one of the most beautiful in Europe, equally stunning in terms of its greenery and architecture.

20.08.2018 (Monday)

DAY 2

- **Copernicus Science Centre** - a kingdom of experiments and a heaven for those interested in the world. Here everyone can delve into nature's mysteries, conduct experiments on their own and, above all, have fun.
- **Planetarium "The heavens of Copernicus"**

21.08.2018 (Tuesday)

DAY 3

- **The Kozenice Power Station** is a coal-fired thermal power station in Świerże Górne near Kozenice, Poland. The power plant has ten high-efficient power units with a total power of 2941 MW. In December 2017, block 11 with a power of 1075 MW was put into operation. It is Poland's second largest coal-fired power station.

22.08.2018 (Wednesday)

DAY 4

- **Old Town tour**
- **ABB laboratory** - ABB is a pioneering technology leader that is writing the future of industrial digitalization. For more than four decades, ABB Group have been at the forefront, innovating digitally connected and enabled industrial equipment and systems. The Corporate Research Center located in Krakow is a leading scientific unit developing the latest industrial technologies for the needs of the ABB Group.

23.08.2018 (Thursday)

DAY 5

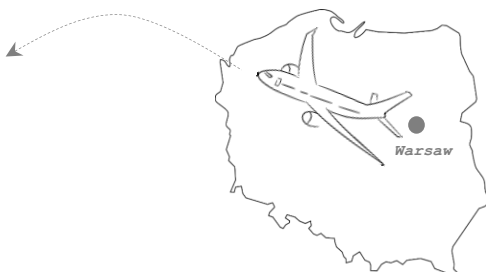

- **The “Wieliczka” Salt Mine** is one of the most valuable monuments of material and spiritual culture in Poland. Each year it is visited by more than one million tourists from all over the world.
It is also a world class monument, featuring among twelve objects on the UNESCO’s World Cultural and Natural Heritage List.
- **Oświęcim – Auschwitz Birkenau.** All over the world, Auschwitz has become a symbol of terror, genocide, and the Holocaust. It was established by Germans in 1940, in the suburbs of Oswiecim, a Polish city that was annexed to the Third Reich by the Nazis. Its name was changed to Auschwitz, which also became the name of Konzentrationslager Auschwitz.

24.08.2018 (Friday)

DAY 6

- **Refinery.** The refinery of Grupa LOTOS, thanks to the latest installations built in 2007-2010 under the 10+ Program, processes 10.5 million tonnes of oil per year. The use of the latest technologies has made it a "green refinery" friendly and safe for the environment.
- **DCT Gdansk.** The newest and most modern Polish container terminal. Import and export and transshipment for St. St. Petersburg and other ports of the Sea region.

25.08.2018 (Saturday)

DAY 7

Back to home. Depending on a date of departure of each participants we will adjust the program individually.
