

Invitation

Dear Members

You are cordially invited to an international online webinar of the women's forum within EUREL:

Future Grid Challenges and Innovation

Tuesday | August 12, 2025 | 3:00 pm (CET)

Via ZOOM Platform

The webinar focusses on challenges and opportunities related to electrical grids and the remarkable contribution of women in operating and developing these grids.

We invite you to join the meeting, as we are convinced that the distinguished lecturers will share with you their horizons and aspirations which will lead to an engaging platform for fruitful discussions, knowledge sharing, and inspiration at the summary of the meeting and the additional planned meetings in the future.
